

## Create An Account in SendGrid

The screenshot shows a web browser window with the URL `app.sendgrid.com/guide?from=profile&integrate=true`. The browser's address bar and tabs are visible at the top. The SendGrid interface features a left sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area displays a welcome message, "Welcome, Teresa!", followed by a blue banner that reads "Send your first emails with Twilio SendGrid". Below this, a section titled "Create a sender identity" provides instructions on how to set up a sender identity, including a button to "Create a Single Sender" and a link to "Authenticate a domain instead". An illustration of two people running is positioned to the right of the text. At the bottom of the page, a Windows taskbar is visible, showing the search bar, taskbar icons, and system tray information including the date and time.

# Welcome, Teresa!

To get up and running quickly, please follow the steps outlined below.

## Send your first emails with Twilio SendGrid

### Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

[Create a Single Sender](#) [Authenticate a domain instead](#)
